Monday - February 24, 2014

07.30  Registration/Coffee
       - Congress Centre

08.00-10.15  Morning session

NOVEL ECHO TECHNOLOGIES

Chairmen:  J. Bax & P. Nihoyannopoulos

Welcome, opening remarks and general information  P.Nihoyannopoulos
                                                  and J. Bax
                                                  (London, UK & Leiden, NL)
                                                  Fausto Pinto-
                                                  President-Elect of the
                                                  ESC

3D and 4D echocardiography  J. Kisslo
                          (Durham, US)

Handheld/pocket size Echo-clinical and logistical
implications  M. Monaghan
             (London, UK)

Strain and Deformation  J. Nesser
                     (Linz, Austria)

Discussion
   - Case examples

Coffee Break
HEART FAILURE

Chairmen: R. Erbel, F. Pinto

Is it Diastolic Dysfunction?  F. Pinto (Lisbon, Portugal)

How to assess systolic function; which parameters?  J. Kisslo (Durham, USA)

Echo in HFPEF  I. Kronzon (New York, USA)

TV regurgitation in heart failure – Does it matter?  P. Lancellotti (Liege, Belgium)

Key note
Aortic disease  R. Erbel (Essen, Germany)

19:30 Welcome Drinks Reception
Tuesday - February 25, 2014

07.30-08.00   Coffee
08.00-10.45   Morning Session

ECHO IN AORTIC STENOSIS

Chairmen: M. Bellamy, F. Faletra

- Aortic stenosis; evaluation  
  M. Bellamy  
  (London, UK)

- Aortic stenosis; prognosis  
  R. Rosenhek  
  (Vienna, Austria)

- Low Gradient Aortic Stenosis  
  P. Lancellotti  
  (Liege, Belgium)

- Patient prosthesis mismatch  
  R. Rosenhek  
  (Vienna, Austria)

- General discussion  
  ALL

10.45   Close   Congress Centre
ECHO IN MITRAL VALVE DISEASE

Chairmen: R. Rosenhek, P. Lancellotti

Mitral Valve anatomy  F. Faletra  
(Lugano, Switzerland)

Mitral regurgitation and exercise echocardiography  P. Lancellotti  
(Liege, Belgium)

TOE in mitral regurgitation  J. Bax  
(Leiden, Netherlands)

When to operate  R. Rosenhek  
(Vienna, Austria)

General discussion all

Key Note Lecture
Pregnancy and valve disease  P. Nihoyannopoulos  
(London, UK)

19.30 Close  Congress Centre
17th International Congress on Advances in Cardiac Ultrasound
Davos, Switzerland
24-27th February 2014

Wednesday - February 26, 2014

07.30-08.00   Coffee
08.00-10.45   Morning Session

HEART MUSCLE DISEASE

Chairmen: I. Kronzon, J. Kisslo

Hypertrophic Cardiomyopathy       R. Senior
                                     (London, UK)

ARVC                               V. Delgado (Leiden, The Netherlands)

To screen or not to screen for professional sports I. Kronzon
                                     (New York, USA)

Role of echo in cardio-oncology     J. Kisslo
                                     (Durham, US)

General discussion

10:45   Coffee Break
17th International Congress on
Advances in Cardiac Ultrasound

Davos, Switzerland

24-27th February 2014

Wednesday  - February 26, 2014

CONTRAST AND 3D ECHOCARDIOGRAPHY

Chairmen: P. Nihoyannopoulos, R. Senior

Clinical experience with echo contrast  R. Senior  (London, UK)

Recommendations from the EAE  P. Nihoyannopoulos (London, UK)

3D stress echocardiography – role of contrast?  M. Monaghan (London, UK)

General discussion  ALL

Key Note Lecture
3D and valve disease  M. Monaghan (London, UK)

19:30 Close
Thursday - February 27, 2014

07.30-08.00   Coffee
08.00-10.45   Morning Session

**ECHO IN EMERGENCIES**

Chairmen: M. Monaghan, J. Bax

- Acute chest pain: T. Bartel (Innsbruck, Austria)
- Echo in new onset of Atrial Fibrillation: V. Delgado (Leiden, Netherlands)
- LV function and loading conditions in ICU: I. Kronzon (New York, USA)
- Post MI complications: J. Bax (Leiden, NL)

10:45   Coffee Break
Thursday - February 27, 2014

15.15-16.00 Sandwich Lunch
16.00-19.30 Afternoon Session

ECHOCARDIOGRAPHY DURING INTERVENTIONS

Chairmen: T. Bartel, F. Faletra

- Closure of Atrial Septal Defects, PFO and LAA: T. Bartel (Innsbruck, Austria)
- Mitraclip, pre, during and post-evaluation: M. Bellamy (London, UK)
- TAVI: pre, during and post-evaluation: M. Monaghan (London, UK)
- Echocardiography for the Electrophysiologist: F. Faletra (Lugano, Switzerland)

General Discussion

**Keynote:** What role for echo 2020

19:30 Close of Conference:

I. Kronzon (New York, USA)

P. Nihoyannopoulos and J. Bax (London, UK & Leiden, NL)
